WHEREAS, in Resolution No. 9149 dated February 22, 2011, the Commission on Elections promulgated Rules and Regulations for the Resumption of the System of Continuing Registration of Voters and Validation of Registration Records in the Non-ARMM Areas;

WHEREAS, said Resolution covers the reception of applications for registration, transfer from another district/city and municipality, transfer within the same city/municipality, reactivation, reactivation with transfer, reinstatement in the list of voters, inclusion of registration record in the Book of Voters, correction of entries and validation;

The said nature of applications is not covered in the existing rules and regulations and current Voter Registration System (VRS) installed in the Voter Registration Machines (VRMs);

A. During the registration period, the Election Officers/Acting Election Officers/Election Assistants shall:

1. Accept and process applications for transfer with reactivation and correction of entries; reactivation with correction of entries; and transfer with correction of entries.

The procedures embodied in Resolution No. 9149 in so far as the manner of the reception, verification of the applications filed and the taking of demographics and biometrics data if necessary shall be strictly observed;

2. The voter-applicants shall accomplish the prescribed forms corresponding to the types of transaction applied for; and
3. The total number of multi-type of applications filed in the Office of the Election Officer shall be reflected in the Quarterly Progress Report.

B. The Information Technology Department shall facilitate the necessary changes in the program/system to incorporate the above multi-type of applications in the VRM.
